### \$900 TO KINGS DAUGHTERS

With the magnificent cooperation of storekeepers, residents and officials of both Bay St. Louis and Pass Christian, the Officers' Wives Club scored a resounding financial and social success Wednesday evening with a Bingo and Card Party in Conway Hall for the benefit of the Kings Daughters Hospital of Bay St. Louis. In a brief word of thanks at the conclusion of the evening's entertainment, Mrs. Walter Gex, president of the Hospital's Board, thanked Mrs. Andrews, the Officers' Wives Committee and the people attending for their splendid donation to the hospital of \$900.

More than a hundred prizes were donated by merchants from the Bay and Pass Christian, including champagne, cakes, storage batteries, groceries, sparkling burgundy, lubricating oil, theatre tickets, glassware, vases, nylon stockings and a host of varied gifts and prizes. More than 350 persons turned out to enjoy an evening of bridge, bingo, tripping, poker and numerous other games of every description. Sandwiches, Coca Cola and other refreshments were served during the evening.

At 2200 a one minute period of silent prayer was observed in honor of members of our armed forces fighting on world battle fronts.

Mrs. Hugh Andrews, chairman of the committee who planned the affair says the money will be spent for the purchase of mattresses and beds for the hospital.

Prices are being secured in order that the money may be spent to the best advantage.

## HENRY CAPDEPON ANNOUNCES

Seeks Office of Mayor—Served As Assistant Postmaster For 25 Years

To the Voters of Bay St. Louis:  
At the earnest solicitation of many friends I have become a candidate for Mayor. I have entered the race after careful consideration.

I was born and raised in Bay Saint Louis. Graduated from Saint Stanislaus in 1915. When World War I started I immediately enlisted in the United States Marines and served for two years and two months including overseas service in France and with the Army of Occupation in Germany.

After my discharge from the service I secured a position in the Bay Saint Louis Post Office and served honestly and faithfully and continuously for 25 years as Assistant Postmaster. I recently left the service on retirement.

If elected your Mayor I will continue to give the same satisfactory service that I gave in my former position. I served the public efficiently and with much pleasure. I am a member of the American Legion and The Veterans of Foreign Wars. I will always stand ready to render a service to our War Veterans and know exactly what they need.

I shall make an earnest effort to contact every voter in Bay Saint Louis.

My platform is a very simple one: EVERYTHING FOR THE GOOD OF THE COMMUNITY.

Thanking you for your favorable consideration of my candidacy.  
Respectfully submitted,  
HENRY CAPDEPON.

### Regular Meeting Of K. C. Held June 7th.

Regular meeting of the K. C. Chapter No. 1122 held on June 7th was recessed until June 12, 1944 due to the excessive amount of business to transact. A meeting of the Bay St. Louis Knights of Columbus Association was also held on the evening of June 7 and recessed until June 12.

During the meeting of June 12th the following new officers were elected for the fiscal year ending June 30, 1945:

Fred L. Herlihy, Grand Knight; Ray Stieffell, Deputy Grand Knight; Chancellor, Sam Favre, Jr.; J. T. McCaleb, Recorder; Wallace Bontemps, Financial Secretary; Alvin Genin, Treasurer; Rev. M. J. Costello, Lecturer; Theodore Stechmann, Advocate; Raymond Carrio, Warden; Charles Benigno, Inner Guard; Roger Heitzmann, Outer Guard; Trustee, Walter Favre; Chaplain, Rev. A. J. Gmelch.

### Library Notes

Mrs. Mary Montgomery has given the Library 100 books. Some of these are old but books in value never grow old so come in and see what you want to read. Some are very valuable they belong to the classics and we think we are appreciating to the fullest this generous gift from Mrs. Montgomery.

The library now has "A Bell For Adano" by Hersey that so many of our readers have been asking for.

We also have a copy of "Yankee from Olympus" which is the story of the Oliver Wendell Holmes family. This is a gift from Mrs. Mills-paugh who lived here for a short time and wanted to show her appreciation of the use of the library while here.

Our copy of "The Labyrinth" by Cecil Roberts has come. Do you remember Roberts' delightful book "Victoria: Four-Thirty"? If you do we know that you enjoyed it so read "The Labyrinth."

We must comment favorably and appreciatively of the young people who are reading so widely this summer. Mostly the girls, of course, because the boys to a large extent are working but some of them are reading too.

The library is rendering good service to the Boy Scouts in giving them instruction in book binding in order that they may get their merit badge for that unit of work.

### Dies Suddenly of Heart Attack

### Boys Return From Boys State

Upon returning from Magnolia Boys State, which is sponsored by the Mississippi American Legion, Donald Arceneaux and Gaines Kergosien report having a wonderful time. These two boys represented the Clement R. Bontemps Post.

In attendance at Boys State held at Mississippi School for the Deaf were approximately 200 boys, representing Legion posts throughout Mississippi. The primary purpose of Boys State was to teach the future leaders of our government the technicalities and inroads to law making.

After being assigned to cities, counties and political parties, the boys were allowed to hold caucuses and campaigns within their parties. When the party nominations were complete, time was allowed for the nominees to campaign among all the boys of Boys State, and general elections were held. Don Arceneaux was elected commissioner of the city of Green and Gaines Kergosien was elected State Tax Collector.

During the time the capital was in the hands of Boys State each boy had to serve in some branch of the Legislature so as to gain practical experience in parliamentary procedure and in law making. In its three days of session, the legislature introduced and voted up on some sixteen bills. Although these bills were not binding, in reality, it gave the authorized legislators the opinion of the legislators of tomorrow.

The night before they left the boys attended the Governor's ball at the Robert E. Lee Hotel which was sponsored by the state officials' wives.

Saturday was spent in farewells, picture taking and in the awarding of the commissions of office signed by Governor Bailey and Secretary of State Walker Wood. Every boy left with reluctance and with a better knowledge of his government.

Mrs. Frank Kiefer, the outgoing president expressed her appreciation of the splendid cooperation given her by the members and also of the generous amount of space allowed by the Sea Coast Echo for publicity.

### ORTE THEATRE "THE STORY OF THE VATICAN" WED.-THURSDAY, 21-22

Not only Rome nor Italy but the world's most important city.

The only city that Adolf Hitler feared to destroy.

In the presentation at Ortte Theatre Wednesday and Thursday, June 21-22nd, you will have an opportunity of viewing "The Story of the Vatican."

So amazing historical and beautiful you will not wonder why the barbarous Hitler failed to find in his black heart courage sufficiently to destroy the Vatican when driven out of Rome by the Allies.

This is an opportunity of a lifetime for everyone to see in detail the inside and all important sections of the Vatican.

It is unbelievable for anyone to even attempt to visualize what a great disaster this would have been had it been destroyed. You owe it to yourself, your family and your religion—this might be your last opportunity. This is positively the only motion picture ever made inside the Vatican.

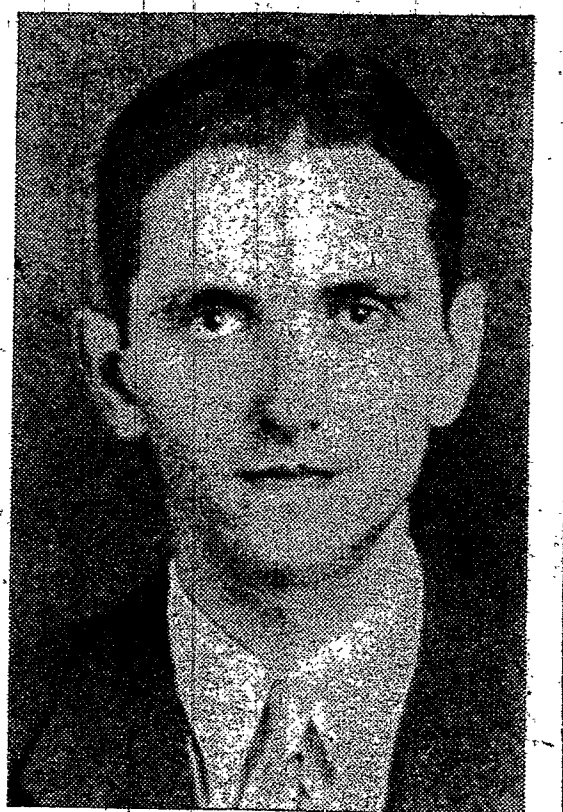

## SYLVAN LADNER, JR. CANDIDATE

Announces For Office Of Commissioner—Son of Former City Commissioner

The Echo is authorized to announce the candidacy of Sylvan J. Ladner, Jr., for Commissioner of the City of Bay St. Louis, Miss.

To the Voters of Bay St. Louis, Miss.: I announce my Candidacy for Commissioner of the Commission Council of the City of Bay St. Louis, Miss.

I was born in Bay St. Louis. Educated in the city schools and later at St. Stanislaus College from which

SYLVAN J. LADNER, JR.

institution I was graduated in 1934. At present I am employed by the Louisville and Nashville R. R. Co. as Clerk-Operator at Ocean Springs, Mississippi from 11:30 p. m. to 7:30 a. m. I commute back and forth daily.

I am the son of the late Sylvan J. Ladner, Sr., who served the City of Bay St. Louis, Miss., for 17 years, 13 years as Secretary and 5 years as Commissioner of Public Utilities.

The reason I am not in the service of my country is because I was turned down last July at Camp Shelby for a stomach ailment.

If I am elected you may be assured that my office will receive all the service and attention that you would expect from a capable and efficient public official. Because of gasoline and tire shortage there are many of you that I may not have a chance to see.

I solicit the vote and support of every Lady and Gentleman and I hope to get around in due time and see as many as may be possible.

Cordially yours,  
SYLVAN J. LADNER, JR.

### Hats Off To The Girls

Hancock County can well be proud of its girls as well as its boys and realize that the old saying that you can't keep a good man down can be applied to the women too.

Four Hancock County girls left recently for Washington, D. C. where they have taken Civil Service positions.

Miss Shanley Delois Dill, daughter of Mr. and Mrs. Sam Dill, of Flat Top is a Junior Clerk; Miss Loya Lee Alsobrook, Aaron Academy, daughter of Mr. and Mrs. Eli Alsobrook is filling the position as typist; Miss Adele Kellar, daughter of Mr. and Mrs. Charles Kellar of Aaron Academy, Junior Clerk; Miss Onita Frierson, daughter of Mr. and Mrs. Clarence Frierson has some type of clerical work.

There was a large party given for the girls before they left. They are all residents of Beat II and rode the bus back and forth to their high school education at Pikesune.

Hats off to you girls and may your path out in the business world be strewn with more roses than thorns.

### American Red Cross Blood Bank Fine Success

With this spirit of cooperation that prevails in our community and throughout our nation, we cannot help but win this war.

## ANNUAL CHURCH FAIR

To Be Held This Coming Saturday and Sunday, 17-18—Fun For All.

The annual church fair of the Church of Our Lady of the Gulf of Bay St. Louis will be held this coming Saturday and Sunday evenings.

This annual event is given for the benefit of the Catholic Church in Bay St. Louis. The proceeds derived from the fair are used in payment of the church debt. At the present time there is an outstanding indebtedness of \$4,500.00 on the church.

The Pastor, Very Reverend Andrew J. Gmelch, and his assistants, Fathers Martine and Clark, are making every effort to raise this amount this year in order that the church debt may be liquidated. It is the plan of the Pastor upon the liquidation of the present outstanding indebtedness to complete the outside of the church and to redecorate the inside. It is also planned to complete the Baptistry and to install a pipe organ. It is contemplated to replace the present altars with one of marble.

This, of course, will entail the necessity of raising additional money. Every Catholic in the community should feel that it is his duty to assist and help raise the necessary funds in order to complete this grand edifice. It stands as a monument to the parish of Our Lady of the Gulf.

The first Mass celebrated in the City of Bay St. Louis was on August 15, 1847. This Mass was said by Reverend Father Stanislaus Buteaux, who was then assigned as Pastor of this parish. The town was then known as Shieldsboro. Father Gmelch contemplates having the Centennial Celebration of the parish on August 15, 1947. It is also his desire to have the church consecrated, either prior to, or at that time. The church has never been consecrated for the reason that there has been an outstanding indebtedness thereon, and this cannot take place until such time as it is debt free.

Let's make this possible! If all will join hands and give their part towards this cause, the dreams of a hard working priest and his assistants may be made possible. The fair will be held on the church grounds and all should try to be on hand for this occasion.

### NURSERY SCHOOL ACTIVITIES

Dr. Florence Jennings, director of nursery schools in the coast region, announces a well equipped kindergarten in connection with the nursery school at Webb School. Miss Dorothy Arendale is in charge. Miss Arendale is a graduate of Bay High Class of '43 and has had a year at Mississippi Southern with training in kindergarten.

In the nursery school Miss Dorothy Price, succeeds Mrs. Arthur Scafide, resigned because of her need to her family.

Miss Price holds a B. S. degree from Mississippi Southern College with training and experience in nursery school work.

Both Miss Price and Miss Arendale are stopping with Mrs. W. A. McDonald.

The school age group who comprise the recreation school is housed at the Central School and is in charge of Mrs. Celine Aschcraft.

Dr. Jennings says the Nursery School is rated as one of the model schools by the regional director.

### S. J. A CAMP

The Summer Camp of Saint Joseph's Academy is well underway with the campers enjoying a round of activities.

This is a splendid camp and offers unlimited rest and recreation under the careful guidance of the Sisters of Saint Joseph.

### Altar Society News

Don't forget the Church Fair Saturday and Sunday. This is your chance to help pay off the debt on our church. If you can't attend both nights, do so one night anyway.

Another "don't forget" our monthly meeting is to be held next Wednesday 21st. Try to come, because this is the one way we have of getting together and working together, and these are the two essential things for making a success of any organization.

They are the same as those at home and taste just as good. Getting something like this, really makes you feel at home.

### MAKE CANDIDATES SHOW COLOR

IT IS time for the citizens of the United States to realize they are approaching one of the most critical national elections in the history of our nation. Basic principles are involved which affect the continuation of our constitutional form of government. They are in no way connected with Republican or Democratic partisan issues. The war our boys are fighting is non-partisan, for the purpose of enlarging liberty and opportunity for all the peoples of the world.

For more than a decade, Republican and Democratic politicians here at home have been promoting so-called "emergency measures" which have bit by bit been restricting the individual in many phases of his daily life. The necessities of war have accelerated this movement, and now it is becoming more evident each day that many bureaucrats in both parties, who have gained a liking for government controls exercised over the individual, are "processing" the people through publicity and propaganda and utopian proposals at government expense, to extend centralized government control permanently or as far as possible into the postwar era.

Anyone who wants to read, can see a deadly parallel between this sugar-coated process and the one which engulfed European peoples and made them slaves to an official aristocracy. How often do you hear a candidate for political office come out and unequivocally praise the United States, its constitutional form of government, the liberties its people enjoy, the luxuries and necessities that have been delivered to them by our industries in a measure exceeding that enjoyed by any other nation? Too many candidates for public office assume that our philosophy of government and private enterprise have outlived their usefulness; that they must be curbed, changed and controlled; that government must become the dominant factor in our daily lives and that we must ape the teachings of some foreign nation that has brought nothing but misery and disaster to its people.

This process must be preserved. The people must demand men in public office who are proud of the American system. Men who do not give it lip service one minute and in the next breath propose measures that would restrict individual opportunity.

The United States was built on the principle that public officials are the servants, not the masters of the people; on the principle that government confine itself to the functions of governing and not enter into activities which compete with the livelihood of the citizens which it taxes. These are basic ideals.

They are what our boys are fighting for. Labor loses its independence when government goes into business. The business man loses his independence. The boy in school loses his future opportunity. When the government becomes the master, the people become the slaves.

These are fundamental issues on which every candidate for public office on any party ticket should be forced to express himself. In a hundred ways, warning flags are flying to arouse our people to the inroads that are being attempted on American liberty. As war measures, we will accept any hardships and restrictions necessary to bring victory. But now, as never before, we must safeguard our future by rejecting proposals and candidates that insidiously undermine the ground on which individual liberty and opportunity stand in this nation. You can't accept state socialism, even in small doses, and retain your independence. In the coming postwar era, our people must be the master not the servants of our government. Never in our history was this issue of such paramount importance as in the coming election.

### HOLD YOUR WAR BONDS

THE nation-wide campaign to secure subscriptions to the Fifth War Loan emphasizes the importance of retaining the bonds, when purchased, unless an imperative demand for cash compels redemption.

In May there were \$280,000,000 worth of bonds cashed by holders of Series E, or about 33 per cent of the \$713,907,992 sold. The record of Series E bonds, however, reveals \$32,000,000, 000 sold and only \$2,800,000,000, or about nine per cent, cashed in. Every time a holder of a war bond cashes it he cancels the sale of a bond of equal amount.

Of course, every sensible person knows that there will arise occasions when the individual, regardless of patriotic impulses, is faced with the necessity of getting some cash from bonds. This is caused, very often, by over-enthusiasm in buying and by emergencies that arise after the investment has been made.

The necessary cashing of a bond implies no reflection upon the holder but, just the same, it is very important for us to realize the importance of making every effort to keep our bonds as a permanent investment. By so doing, even at personal inconvenience, we really "back the attack."

### NEW HUMPHREY BOGART PICTURE, "PASSAGE TO MARSEILLE"

Opens Sunday and Monday  
A. A. & G. Theatre

The same inspired combination of directional and acting talent that made "Casablanca" such a memorable success has turned out another stirring and timely film for Warner Bros. in "Passage to Marseille," which opens Sunday and Monday at the A. A. & G. Theatre. With this story of a dangerous voyage undertaken in the name of faith, sustained by courage and concluded only by sheer determination, Warner Bros. adds another title to its long list of current successes.

With Humphrey Bogart again starred in a cast whose roster reads like a roll-call from "Casablanca," Claude Rains, Sydney Greenstreet, Helmut Dantine and Peter Lorre to mention but a few—and with Michele Morgan, Philip Dorn and George Tobias added for good measure, Michael Curtiz directs this new picture with the same vigor and suspense he used to such good advantage in "Casablanca."

### CHANCERY SUMMONS

THE STATE OF MISSISSIPPI.  
To all persons claiming to be "The Heirs at law of Mrs. Mattie Wood Rist, Deceased," you are summoned to appear before the Chancery Court of the County of Hancock in said State on the First Monday of November, 1944, to answer the suit No. 4812 in said court of Henry W. Rist, wherein you are defendants, being a suit by the petitioner, Henry W. Rist, to have himself recognized and decreed to be the sole and only surviving heir at law of the said Mrs. Mattie Wood Rist, Deceased.

This the 31st day of May, A. D. 1944.  
(SEAL) A. G. FAVRE, Clerk.

Devil's Island on trumped-up charges because of his anti-Fascist convictions. Bogart is given another chance to display those qualities of daring, toughness and courage which he has so happily displayed in former characterizations. Matrac is asked by your companions on Devil's Island, Renault (Philip Dorn), deserter from the French Army, Garou (Helmut Dantine) who has murdered a woman, Petit (George Tobias), who has killed a man and Marius (Peter Lorre), a Parisian pick-pocket—to lead them in a daring and perilous escape from the island back to the France they all love.

But Matrac is only human and cannot do the impossible. He leads them safely through the dangerous jungles but he cannot help when, having embarked in a small canoe, they find themselves adrift in mid-ocean with supplies almost gone. It is good fortune which directs a French freighter, captained by the kindly Malo (Victor-Franco) to the spot where the five escaped convicts are dying. Malo takes the men on board for his passage to Marseille but his ship never arrives at its destination for half-way there word comes that France has surrendered and the good Captain has no desire to deposit his cargo in Nazi hands.

Also on board is a Frenchman of different hue—Major Duval (Sydney Greenstreet). How Duval seizes the ship only to be outwitted after a long and exciting struggle against Bogart and his henchmen makes for an action-filled climax ending in the successful arrival of the small freighter at an English port. Once landed among friends of their beloved France, Bogart and the others waste no time in joining in the fight against Hitler.

Mr. Geary spent a number of years here occupying his own home on St. Charles Street and the Beach.

He was a builder of recognition and directed the building of the vault at the Merchants Bank and Trust Company, the chapel addition at St. Stanislaus and the interior finishing of Our Lady of the Gulf church.

There are many here who claimed Mr. Geary as friend and who still remember him.

### RATIONING

came over on The Mayflower

## They Rationed Everything

The Pilgrims knew they were ill-prepared for one of the cruelest winters that resolute men, women and children ever had to face. Foreseeing trials that would challenge their endurance, they treasured their scanty store of food and rationed every helping.

But, when a Spring and Summer of strenuous labor rewarded them with an abundant harvest, the Pilgrims were grateful—but not alone for food. They felt they were well on their way toward an established home in a new world, bright with freedom, security and a promising future for their children. America's goal has never changed. And for such a goal rationing is a small price to contribute. "Food Fights For Freedom".

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum • Munitions • Medicines • B-Complex Vitamins • Hospital Diets • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and textiles—to name a few.

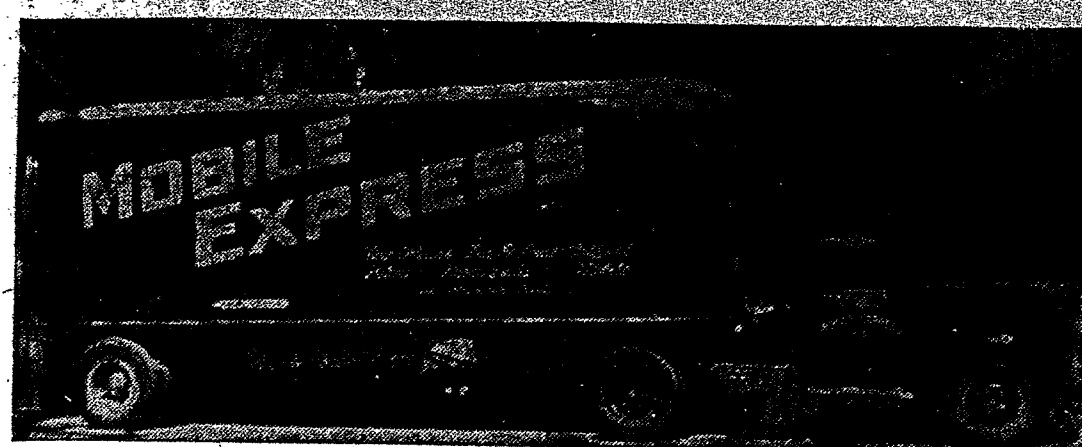

What ration points bring to our tables today would have seemed like banquets to generations of our forefathers—but you have Budweiser, too, to make simple wartime meals taste better.

#### ORTTE THEATRE PRESENTS SUNDAY MON. "MADAME CURIE"

M-G-M Picture with Greer  
Garson and Walter  
Pidgeon

Greer Garson and Walter Pidgeon in "Madame Curie" is a name combination to make any theatre marquee gleam bright with the promise of an outstanding entertainment treat of the season. For the stars of "Mrs. Miniver" and "Blossoms in the Dust" have been brought together again in a beautiful love story.

"Madame Curie," which is playing at the Ortte Theatre Sunday and Monday is based on Eve Curie's best seller biography of her mother, Marie Curie. It is basically a love story of great warmth and tenderness, told against the suspenseful background of a scientific achievement without parallel, the discovery of radium. Marie and Pierre Curie found the key to one of nature's most carefully guarded secrets only because of their devotion for each other. Fame, honors and money, which they could have had in fabulous amounts, meant nothing to them. All they ever wanted was their love and their work, and out of these they gave the world one of its rarest gifts radium.

In reliving the life of Marie Sklodowska, lovely young Polish girl who came to Paris believing there could never be anything for her but physics, mathematics and Poland, Miss Garson has a role to bring out in every richly rounded tone the mature artistry of her talent as an actress. Her portrait encompasses a full, appealing portrait of Madame Curie, the woman and the scientist. Pidgeon's complementary characterization of the shy, sensitive, sometimes whimsically amusing Pierre Curie is one of the top performances of his career. Miss Garson and Pidgeon, together, make the story of the Curies fascinatingly real.

Prominently featured as these most capable of Hollywood character actors; Dame May Whitty (Lady Beldin of "Mrs. Miniver") and Henry Travers (the rose-growing station master of "Mrs. Miniver") as the parents of Pierre; C. Aubrey Smith, as Lord Kelvin, friend of the Curies; Albert and Elsa Basserman as the kindly professor and his wife, who brought Marie and Pierre Curie together, and Reginald Owen (the air raid warden of "Mrs. Miniver") as Dr. Henry Becquerel, whose experiments started the Curies on their quest of radium.

## Until the Quitting Whistle Blows For Him— It's Full Speed Ahead for Us

#### THIS WAR IS NOT YET WON

We at home have only begun to feel the weight of our debt to our fighting men . . . to the living—to the wounded—and to the dead. Ours is the responsibility to work—to save—to buy all the War Bonds we can, to smooth the road they must travel that the journey may be made swiftly and the end reached soon. In spite of victories that stir our hopes, the war is not yet won. Until the glad day when the final whistle blows, the spirit of those who wage active combat challenges us to unflinching support through the purchase of Bonds.

#### Potato Increase

For the remainder of the month of June only, ceiling prices for early 1944 potatoes sold in Mississippi are increased 20 cents per hundred pounds, the Office of Price Administration has announced.

At the same time, and for June only, the minimum diameter of potatoes qualifying for the ceiling on U. S. No. 1 grade, is reduced from 1 7/8 to 1 1/2 inches.

The 20 cents per hundred pounds increase in prices applies to sales made by growers and country shippers, and may be passed along to the retail purchaser. It may mean an increase of approximately 1/4 cent per pound, OPA said.

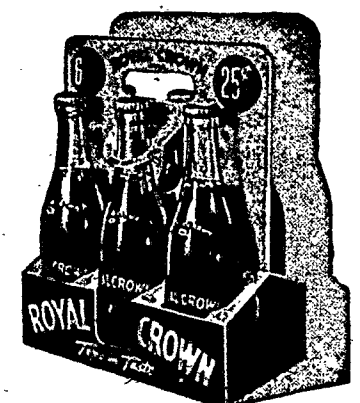

Both of the changes were made so that growers may, to some extent, recoup losses suffered by the early 1944 potato crop because of harsh weather conditions.

The sugar allotments for all industrial users, for the third quarter beginning July 1, will be 80 per cent of the amount of sugar the user consumed during the corresponding months of 1941, except for makers of drug and pharmaceutical products who will continue to receive 125 per cent of the amount they used during the base period, OPA said.

The 80 per cent figure applies to such users as makers of bread and bakery products, condensed milk in containers of one gallon or less, soft drinks, mayonnaise and salad dressing, candy, cocoa, chewing gum, canned and bottled foods, and users

of sugar in experimental, educational, demonstration and testing work.

The sales plan that gives purchasers of rayon and lisle hosiery membership in so-called Nylon Priority Clubs—giving them priority to purchase nylon hosiery as soon as it is available if they purchase other hosiery now—is in violation of the nylon hosiery regulation, OPA said. It is not necessary for the public to join such a club in order to get nylons when nylons are again available, OPA pointed out.

## HANCOCK BANK

Resources Over Eleven Million Dollars

On The Altar of Freedom

We put upon the altar of freedom the nation's most priceless asset. The billions we spend for victory are cheap compared to the sacrifices of our sons.

We who stay at home should be sobered with our own responsibility. We should all work harder and contribute without stint to the common cause.

In a world on fire, the least we can do at home is to produce, provide and then preserve here those American ideals for which our sons fight on many fronts.

Waste nothing, salvage everything and save much that our fighting men may be supplied with material and money. Thrift is more necessary now than ever, for war is man's most wasteful occupation and can be financed only through maximum production and stringent frugality.
